

PLEASE READ BEFORE USE:

ATTENTION: Wingerz is only intended to reduce the messiness associated with touching finger foods during consumption. Please use as directed. Wingerz is not designed to protect against injury as a result of exposure to heat, toxic or corrosive chemicals, allergens, or contact with sharp objects, and will not protect against the spread of pathogens. Wingerz may also inhibit your ability to sense the temperature of food with your fingers and hands. Always ensure that the temperature of food is safe for handling and consumption before using Wingerz. Handling or consuming hot foods, objects or substances may result in severe burns or injury to your fingers, hands, or mouth.

DANGER: Wingerz is not intended to provide enhanced grip of food and may reduce dexterity. Exercise care while handling and consuming food with Wingerz in order to lower the risk of accidental choking, which can result in severe physical or mental injury, or death. Always remove Wingerz from your fingers before handling utensils.

NOW, GET MESSY!!!
